Explanation of Responses:

- Represents a grant of performance-based market stock units ("MSUs") under the Issuer's 2014 Omnibus Incentive Plan.
- Each MSU represents a contingent right to receive one share of PLAY common stock.
- This Form 4 is filed late due to improper characterization of the performance criterion. The sole criterion (other than the passage of time and continued employment) is an increase in the market price of the company's common stock over the designated amount of time; accordingly the grant should have been identified at the date of grant as a derivative security.
- The amount reported represents the amount of Earned MSU's payable at target performance; the Reporting Person could earn 0%-200% of the amount reported depending on the level of performance achieved.
- The Earned MSU's vest on April 23, 2024.
- Not applicable.
