"Dave & Buster's capped off an incredible year of record results with a fourth quarter performance that exceeded our expectations. Quarterly comparable store sales rose 6.0%, inclusive of an estimated negative 110 basis point impact related to Winter Storm Jonas and despite lapping a 10.5% gain from the prior year. Our brand has now surpassed the competitive benchmark in each of the last 15 quarters while on a two-year stacked basis delivered comparable trends of 16.5%. We also set a fourth quarter record for Adjusted EBITDA and Margins through operating leverage and cost control discipline. This was made possible by capitalizing on the ongoing sales shift to our higher-margin amusement category while benefitting from industry-leading growth in our food and beverage categories," said Steve King, Chief Executive Officer.

"Looking ahead, our key areas of focus are new store development, comparable store sales growth, and further margin improvement. Last year we drove higher guest satisfaction scores in overall hospitality and within each area of enjoyment --

food and beverages, amusement, and sports viewing. We intend to build upon those achievements in 2016 through our commitment to innovation that keeps our brand fresh, entertaining and differentiated," King continued.

"We are projecting nine to ten store openings in 2016, including three scheduled to open in the first quarter in Rochester, New York; El Paso, Texas; and Capitol Heights, Maryland. By-year end, we will operate approximately 90 stores compared to a potential of at least 200 stores in North America. Our 'one of a kind' dining, entertainment, and sports viewing venue has demonstrated incredible domestic appeal and is far from saturated but we have added another layer of growth to our business model through international licensing development. We look forward to the first store opening in the Middle East slated for 2017," King concluded.
